Gifted Congressman From the First District Will Address the Voters Here Monday.

Alben W. Barkley, the gifted Congressman from the First District, will address the voters of Montgomery county at the Courthouse Monday (Courtday) afternoon at two o'clock. Congressman Barkley is one of the most gifted speakers in the state and is fast becoming recognized as one of the party leaders in Kentucky. He has long been a power in his district and is considered one of the brainiest men in the Lower House at Washington. His coming to Mt. Sterling will give the voters of this district an opportunity to hear this gifted orator and hear expounded in a masterly manner the doctrines of Democracy. He is truly a "Big Gun" and a speaker that is sure to please and Chairman Douglas is indeed fortunate in having secured him for courtday. Ladies are especially invited and an immense crowd is expected to be present.

## MAGAZINE IS PUBLISHED WITHOUT TYPE

Elimination of typesetting, one of the costliest operations of magazine production, by the use of plates made by photographing the original typewritten copy, has been accomplished in the October 18 issue of the Literary Digest, consisting of eighty pages. This radical innovation, which was brought about by the printers' strike in New York city, leads the publishers to suggest that "it is possible in this age of marvels that the whole future of magazine production may be revolutionized by the elimination of typesetting."

The makeup of the magazine is in no way changed, the only difference being that the style of the type is that used on typewriters and is uniform in all the reading matter throughout the number. On the right-hand side of each page is photographic copy of the original article as written on the typewriter.

## TURN CLOCKS BACK

OCTOBER 26TH

Sunday, October 26th, is the date set to turn the clocks back one hour, and it will not be turned up in the spring again, the law having been repealed some weeks ago over the President's veto.

Farmers pretty generally have never observed the law, so they have nothing to turn back. It has all along worked hardships on the farmers that employ labor, as the labor always wanted to quit on time in the afternoon. Thus the extra hour to be gained in the early morning was lost to the farmer at the close of the day. The only objectionable feature with many, however, was that the time should have been the same winter and summer.

## SOCIETY ENTERTAINED

The Methodist church at Grassy Lick was the acme of a most enjoyable and profitable event Tuesday, October 10. The missionary society of the Methodist church of this city was the guest of the Grassy Lick society at an all-day meeting. After a short business session of each society Mrs. Jennie Thompson gave a most interesting account of the W. C. T. U. convention recently held in LaGrange, showing the great work that is being accomplished by that organization. Several new members were enrolled in the union. They then adjourned for the noon hour and partook of a most delicious picnic lunch. The afternoon session consisted of the devotional led by Mrs. Oscar Moss, in a most capable manner. Inspiring talks on "Prayer," "Sacrifice," and "Giving" were well given by Miss Sallie Mason, Mrs. C. L. Dean and Mrs. Harlan Cook. Mrs. Lula Harding, a young girl, gave a most wonderful and convincing talk on "Why I believe in foreign missions and why I belong to the missionary society." It would have done credit to one twice her years. Mrs. Myers then, in behalf of the local society, offered resolutions of thanks to the Grassy Lick society for the delightful and uplifting day spent by all. The program for the day then closed with prayer by Miss Maggie Rumery, who has been deeply interested in the affairs of the church for a great many years.
